

TO WHOM SO EVER IT MAY CONCERN

I have known Chetanya Gupta as her School Guidance Counsellor for the past two year. During this period, I have had the opportunity to interact with her on numerous occasions and have been impressed by her level headed, clear thought process and sense of responsibility. Although quiet and self-possessed by nature, her ability to assess situations accurately and give sound advice, as well as her sense of humour and helpful attitude have won her the respect of her peers and faculty alike.

Academically sound, Chetanya scored 95.6% in her CBSE Board Examination in 10th Standard and 94.13% in 11th Standard. According to her teachers, she is extremely sincere and hard working. She possesses an excellent work ethic and never defaults in the submission of her assignments, which are of a high standard. She is a self reliant and independent learner and participates very actively in class discussions. When asked to express an opinion or find solutions to a problem, she does so in an insightful and logical manner.

Chetanya Gupta is looking at pursuing Engineering at the undergraduate level. Eventually, she foresees starting her start-up and has given herself ten years to accomplish all of this, an indication of her ability to plan and think ahead in a clear and logical manner.

She has an affinity towards the sports field, such as Basketball and Karate. She has represented her school on many occasions, both within as well as outside school. She is a firm believer in teamwork and collaboration and her empathetic nature and innate courtesy enables her to get along well with her team mates. She is also keenly aware of the need to step out of her comfort zone and interact freely. This is something she has been working on and over the past year, there has been a marked change in her as she has not only become more interactive but also proactive in initiating communication. This, again, is a testimony to her open mindedness to feedback and ability to work upon her own areas for improvement.

Empathetic, clear sighted and focussed, Chetanya will be a valuable addition to your institution. I wish her very best in all her future endeavours.
